

Good food is the backbone of any successful event. To guarantee this, we rely on local partners who use fresh, sustainable and regional products.

We offer finger food & live cooking options for events with groups of 50 people or more.

We have been working with our colleagues from BEB & BENE, CAFE RUEF and SCHWARZWÄLDER FLAMMKUCHENMANUFAKTUR for years in a trusting and reliable partnership and can guarantee high-quality and delicious food.

As we at Grünhof not only preach sustainability, but also live it, we mainly offer vegetarian and vegan catering options. This is not intended to be patronising, but to reflect our conviction that vegan and vegetarian catering can also be versatile and delicious for everyone. On the other hand, as we are also convinced that dogmatism divides rather than unites, we also offer meat-based catering options. Get in touch with us and together we will find the ideal catering choice for your event!
